

Mick Tyler
UK American Football Live

4 January 2021

To whom it may concern

I can confirm that The British American Football Association has had detailed discussions with UK American Football Live, under a strict non disclosure agreement, regarding the future structure and format of British National Football Leagues.

This is part of our 10 Year Vision to 'Professionalise the game and Inspire more people to play and play a part'

The current business plans, seen, are aligned with our long term vision for the game.

Best regards

Pete Ackerley
Chief Executive
British American Football
